

WE HAVE A NEW PLAN FOR GROWING. AND THE SAME MISSION OF CARING.

We're a team at Christian Horizons: talented, compassionate people who are driven by the same faith-based mission and values. And now, together, we are going to begin building the future of Christian Horizons.

We want Christian Horizons to stay strong, so that we can continue to fulfill our mission and make more possible. To do this, we have a bright, new vision and direction for the future. I want to share it with you.

JAKE BELL
PRESIDENT AND CEO
CHRISTIAN HORIZONS

OUR VISION FOR THE FUTURE

We will support our associates with training, an exceptional working environment and opportunities to advance.

We will always strive to do the right thing so that our communities are always those of vibrancy, love and Christian values.

We will innovate with new services and programs.

We will look beyond the day-to-day to holistically meet the needs of every individual.

We will strongly leverage what sets us apart:
Our Christian distinctives, our mission and values.

We will grow, by investing in selected Christian Horizons communities, creating new communities and touching more lives.

Stay tuned. We'll have more to share as we begin to evolve Christian Horizons.

53 YEARS.
AND GROWING.

The roots of Christian Horizons go back to 1965, when local men in Lincoln, Illinois built a 48-bed nursing home where their loved ones and neighbors could age with dignity in a Christian atmosphere. And 53 years later, we've grown into a highly respected, not-for-profit organization of 13 faith-based communities serving older adults across four states.
