

IT IS THROUGH PEOPLE WE ARE ABLE TO HONOR GOD IN OUR SERVICE TO OLDER ADULTS.

We are communities of compassion, and our focus goes beyond basic care. In the course of everyday life, our associates form endearing relationships with our residents by honouring and nurturing each of them. Regardless of the resident's level of need, all receive the same compassionate care because we deeply believe that every person is equally valued by God.

Barb Shepard, VP of Human Resources, and the Home Office Human

Resources team provides associates, volunteers, and interns with systems, processes and programs to work in and accomplish our goals. This also makes Christian Horizons (CH) attractive and competitive in the industry for those looking for a rewarding experience in the job market.

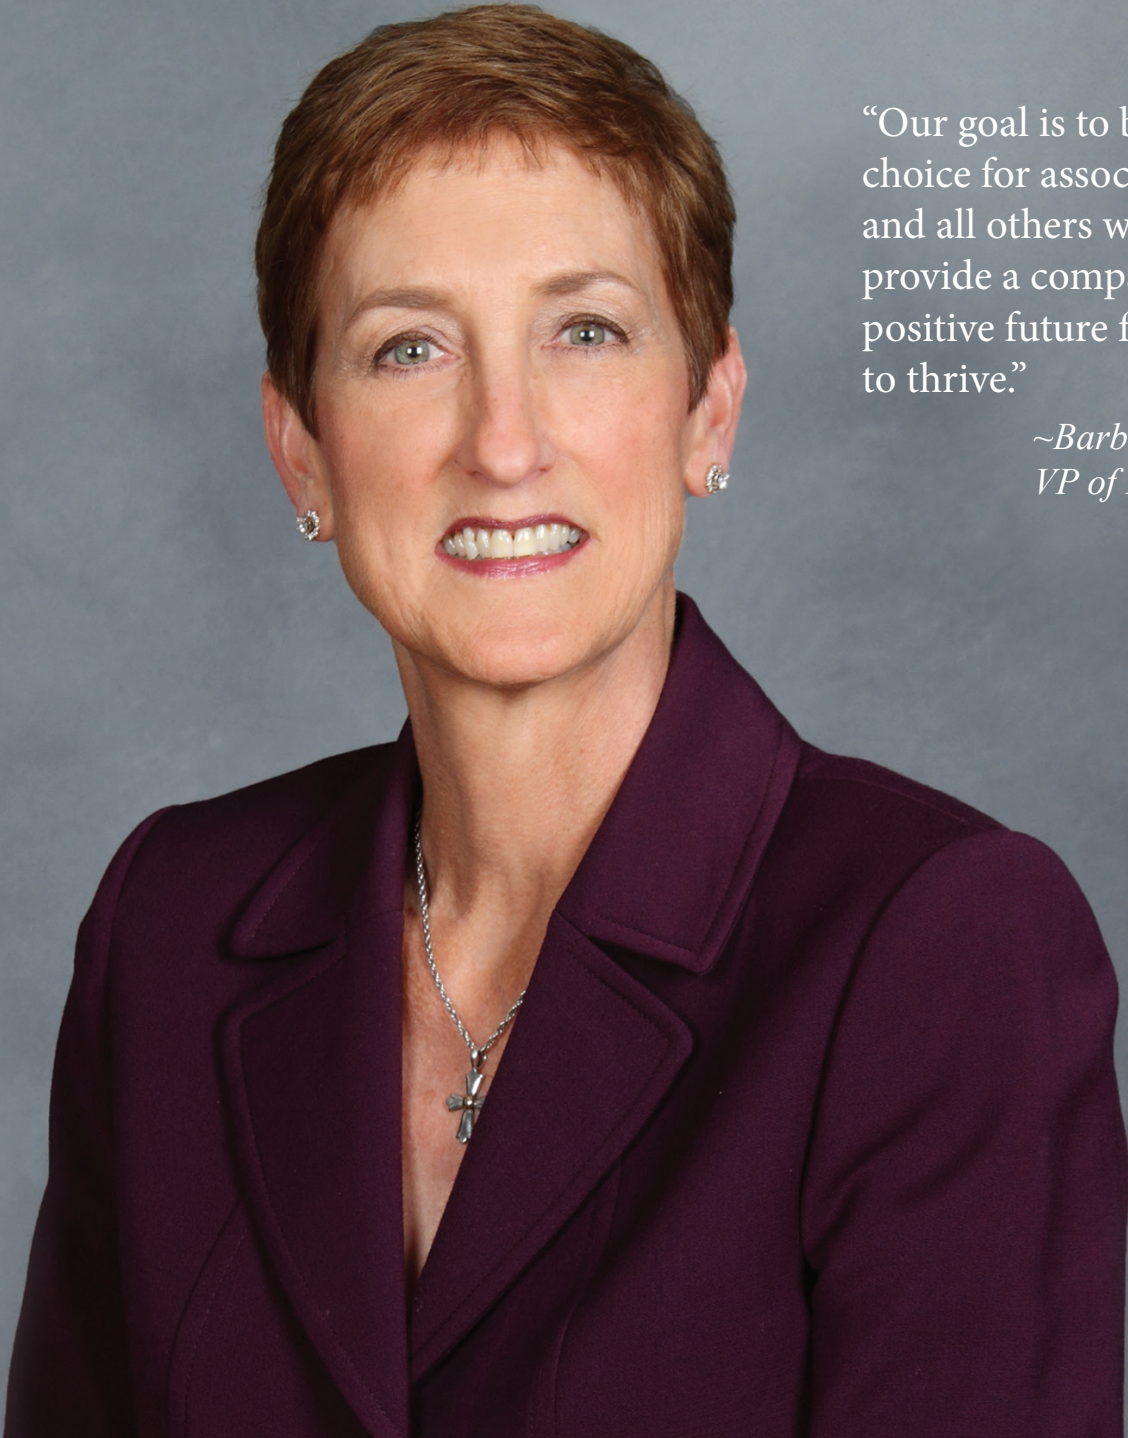

Barb's team is working to standardize the approach to HR across the ministry allowing synergy and efficiency while enhancing the experience for CH

associates. Our goal is to be the ministry of choice for associates, volunteers, and all others who join us to provide a compassionate and positive future for older adults to thrive.

WE DEPEND ON ROUGHLY
