

About New Horizons PACE

New Horizons PACE St. Louis is Christian Horizons' first Program of All-inclusive Care for the Elderly (PACE®) center serving older adults in St. Louis. It is an innovative home and community-based care model designed to help older adults who qualify maintain independence and remain living in their home for as long as safely possible.

New Horizons PACE is a proven cost-effective care alternative to nursing home care and is led by an interdisciplinary team of health care professionals that provide person-centered health support to qualifying older adults at-home or in our New Horizons center. Through connection and support, New Horizons PACE St. Louis allows older adults to continue living in their community while providing peace of mind to families that their loved ones are supported.

Services and Qualifications

New Horizons PACE St. Louis is a program supported by Medicare and Medicaid. Costs of all services are covered for those who qualify and reside in one of our service area zip codes, providing incredible cost benefits for older adults and their families. Services include:
